Dear Stakeholders,

Today, we want you to become part of our mission for the financial year 2021-22. This year we are planning to grow exponentially in terms of new markets and new product ranges. Further we have worked on our operations and made it future ready.

Our Goals this year:

1. Increasing delivery capacity to 2 times of previous year and dispatching at minimum 200 bundles per day.
2. Create an automated system for operations and financial management where our customers are kept in loop.
3. Bringing in Industry's first online model of wholesale business that we have developed indigenously in previous FY 2020-21

In the 2nd Quarter of FY 21-22, we will be opening our doors of growth to our stakeholders who can partner with us and grow with us. Further we will be launching a new product range in 2nd quarter to help our customers make an extra margin on their sales in coming months.

Looking forward to your partnership.

With Regards

Chairman
